

Membership Information

September 2025

- Our memberships are an amazing value for money & quality learning in Cornwall & further. Our classes are top quality & taught by teachers who are experts in their style.
- All our memberships are on a standing order basis & must be paid on the same date every month.
- The first payment must be made before or on the day of your first class.
- Our memberships are worked out by using the amount of weeks in which we run classes & finding the total cost for those weeks & then dividing by 12 months of the year to lower your monthly cost. However, this means your membership must be paid for 12 months.
- You must not cancel your memberships during the holidays, you will be sent a bill for any missed payments which must be paid before any classes can be attended.
- Please ensure you do not miss a payment, as you will be charged a late fee. Please see our late payments policy.
- Each student with a membership will receive a unique membership code which is to be used to book your classes online. This is very important as our online register is also our fire register.
- No credit or money will be reimbursed if for any reason classes are to be cancelled. We do not like to cancel and try our very best to make sure all classes run. If for any reason this does happen it is for circumstances out of our control & we usually make it up to the dancers in other ways.
